**SATURDAY 3<sup>RD</sup> AUGUST 2024**

Welcome to the 4th Pip 'n' Jay Classique.

This is a Touring assembly under the terms of Motorsport UK rules, organized by The Friends of Burtle Church. It is not a competition but simply a tour of some of Somerset's greatest assets, its villages, towns and of course the countryside.

The route is approximately 60 miles on good quality roads but avoiding some of the worst roads that the levels have to offer! The route will include the levels and hills in the east of the county, so will have ups and downs and some more fantastic views.

All the profits for this event will be going towards the upkeep of Burtle's Parish Church - St Philip and St James. Thanks to your help, this event has raised over £3500 since its inception, this year's proceeds will be put towards the costs of replacing the wooden louvres around the bell tower.

We have teamed up with the community at Ashwick and Oakhill Village Hall, a village near Shepton Mallet, for a tea/comfort break.

The price for entry to this year's event is £50 per car. This fee covers 1 eligible vehicle with two people and includes a bacon roll or toasted tea cake with tea/coffee for breakfast at the Start, refreshments, and toilets at Ashwick and Oakhill Village Hall and a cream tea at the Finish venue. Extra passengers will be charged at £15 per person and will also receive refreshments. The entry fee also includes your road book, maps, and rally plate.

The road book will use simple "Tulip" diagrams and a map. Both will show where petrol stations are either on route or nearby, please note there is no fuel available at the start, halfway or finish. At the end of this document is a sample of a "Tulip" road book, together with a sample section of a map that will also be supplied. Should you never have encountered this system below, the Clerk of the Course and others will be at the start to give advice.

- 4.3** There will be a comfort break with refreshments after approximately 30 miles.
- 4.4** An overall time allowance will be given for the route, there are no penalties for lateness.
- 4.5** The route will be detailed by an easy to follow “tulip” road book, which will describe each turning that is required to be made. This will enable crews to cover the route without having to use maps. Maps will be enclosed with the road book. In keeping with the rules of a Classic Tour, this route is not mandatory, but in the organisers opinion gives you the best views, the best route to avoid traffic congestion and the most enjoyable drive to the rest halt and back.
- 4.6** Along the proposed route there will also be manned Check Points. These Check Points will be manned by volunteers who are there to help you if you have problems or need some advice on the route and also to hold you for a minute or so to prevent entrants travelling in a convoy, which can occur from time to time. They may also help you to confirm that you are on the right route on sections which the organisers feel have some difficult navigation. These Check Points are not mandatory and they are manned by volunteers who are interested in your vehicle and it would be appreciated by them if you would stop and say hello. If you plan to take an alternative route, on purpose or by mistake, then please let the organisers or the person at the next manned control know so that we do not send out a “search” party to look for you.
- 4.7** The first car will leave the start at 10:15. All other cars will leave at one minute intervals to prevent a convoy.

No timing will be involved in the event, except to keep the event within an overall time scale.
